

Grassroots Geriatrics Seminar 10/9/2006 - Evaluations Summary (30 returned)

Other Comments / Suggestions

"I really liked the stories about your patients."

"Very worth time and would be interested in attending again for updates."

"Length of time good, allowed sufficient time to meet vendors, room setup was good, may want to add a/v."

"The woman who did the balance assessment was outstanding, just that made it worth coming."

"Excellent, complex subject made easily accessible."

"Very informative."

"Five stars, professionally and personally, stimulating, energizing, glad I came."

"Very impressed with your older adult assessment booklet, whole-istic approach."

"Excellent seminar."

"Ongoing seminars in care for the increasing geriatric population."

"It was so refreshing to listen to an MD that sees what needs to be done and is doing something about it! Thanks."

"Have more seminars."

"Offer info on your web site."

"Great job, like the half day format, you might consider having others presenting."
